## Objective

To utilize my knowledge of CSS, XHTML and visual design and continue my career as a Web Designer.

## Skills

**expert** • • • • •

CSS, (X)HTML, Adobe Creative Suite, visual design

**proficient** • • •

Javascript/jQuery

CMSs: Saxotech, DotNetNuke

**basic knowledge** •

ASP.NET, PHP, Ajax, Flash

## Education

### Bristol Community College

Fall River, MA. *Associate in Arts in Web Design and Media Arts* (2006). Special Projects: Multi-Media Design and Publication Design.

### Cape Cod Community College

West Barnstable, MA. Credits towards Visual Arts degree before transferring to Bristol Community College (2004).

## Experience

### Web Designer/Developer

October, 2008 - Present

Web Designer/Developer for the City of Nashua, NH. Hired by the City of Nashua to be its Web Designer at City Hall. My main objective is the redesign, maintenance and implementation of new features for

[Nashuanh.gov](http://Nashuanh.gov).

## **Web Designer/Developer**

December 2006 - April 2008

Web Designer/Developer for [The Telegraph](#), a newspaper located in Hudson, NH. Designed and maintained web pages for The Telegraphs' online edition of the newspaper. My main objective when I was first hired was to build Nashua Telegraph's Photoshop comp redesign into a living site using CSS/XHTML, Javascript and Saxotech, a content management system. After that was completed I continued to design new pages and build new internal sites such as [Feastnh.com](#) and a [video portal](#) for staff photographer Stanton M. Paddock.

## **Design Firm Internship**

January 30 - April 12, 2006

Internship at design firm [Glad Works](#), located in Pawtucket, RI. I helped build web templates from Photoshop comps using XHTML for the markup and CSS for the styling and positioning as well as basic html web updates for their clients.

## **Awards**

Feldman Award - Interactive Design, Spring 2006

## **Hobbies**

Painting, listening to music, sailing, playing on my Mac and watching movies.
